

DL-C *series*

CEILING SPEAKERS

DL-C series

Ceiling Built-in Speakers with 2-Way Coaxial Chassis

THEFT-PROOF DESIGN **QUICK CEILING INSTALLATION** **HIGH EFFICIENCY**

Ceiling built-in speakers, 10 W / 20 W / 30 W (depending on the model), 100 V, 2-way system, 6 1/2" 2-way coaxial chassis.

The **DL-C public address speakers** are perfect for ceiling installation. The series is highly efficient and has excellent acoustic properties.

The mounting frame with holding parts is made of high quality plastic material, the perforated plate is made of coated steel. The speakers are designed to be theft-proof.

The DL-C speakers are equipped with a high-quality 6 1/2" 2-way coaxial chassis and are particularly suitable for voice and background music reproduction. The 2-way coaxial chassis has a very broadband designed base membrane, in which a separate tweeter is integrated.

Thanks to the quick-action lock, a very fast ceiling installation can be guaranteed.

Models

- DL-110-C**.....Built-in speaker (2-way), 10 W
- DL-120-C**.....Built-in speaker (2-way), 20 W
- DL-130-C**.....Built-in speaker (2-way), 30 W

- 2-way coaxial chassis
- Excellent speech and music reproduction
- Theft-proof
- Easy construction
- Unobtrusive design
- Quick-action lock for fast ceiling installation
